# Report of Selectmen

To the Citizens of the Town of Millbury:

The Board of Selectmen presents its report of the various Town Officers for the year ending December 31, 1968.

During 1968 the Town of Millbury received State and Federal Grants amounting to a total of \$1,666,640.00 towards the construction of the sewage treatment plant and the main interceptors. The contract for the treatment plant has been awarded to the R. H. White Construction Company of Auburn, Massachusetts, and the contract for the main interceptors was awarded to R. A. Buccella & Sons, Inc., of Avon, Massachusetts. Construction began the end of November. A Federal Grant of \$520,750.00 for laterals and extensions to the sewer system has been received and this contract will be put out to bid and awarded in 1969.

The Industrial Development Commission was reactivated and has been active in compiling a brochure that will be designed to attract new industry to Millbury. There will be an article in the 1969 Annual Town Warrant to ask the voters to accept the provisions of Chapter 772 of the Acts of 1967 establishing an Industrial Development Financing Authority. The purpose of this act is to provide State financing of industrial development projects to attract new industry or expand existing industry.

The Board met several times with officials from the Massachusetts Water Company seeking better cooperation from the Water Company in improving the present water system.

During this year the Board worked closely with the Massachusetts Department of Natural Resources, Parks and Conservation Commissions with the thought in mind of establishing a public swimming and picnic area for the townspeople.

In conjunction with the Massachusetts Department of Public Works, the Registry of Motor Vehicles and our Safety Officer, a speed survey of the Town was made; new speed rates were approved and adopted. Once the speed signs have been posted and are enforced, it is hoped that accidents involving motor vehicles will be noticeably reduced.

Once again we would like to thank all Town Officials and the Townspeople for their cooperation throughout the past year.

Respectfully submitted,

HYMEN J. HY SCLAR, *Chairman*  
 GEORGE A. MALO, *Clerk*  
 FREDERICK E. LUCAS, *Member*

## Report of the Sealer of Weights and Measures

To the Honorable Board of Selectmen:

I hereby submit my annual report as Sealer of Weights and Measures for the year ending December 31, 1968.

During this past year, this department has checked and sealed 167 various types of weighing and measuring devices. Trial weighings were made on prepackaged goods in all stores to assure consumers that state standards are upheld.

I would like to thank the retailers in town for the fine cooperation this department has been receiving in our common objective, which is honest weight for both consumers and retailers.

Respectfully submitted,

F. JOSEPH BRADY

Sealer

# Veterans' Service Department

To the Honorable Board of Selectmen:

As Veterans Agent, I herewith submit my report of services rendered for the year ending December 31, 1968. The Auditor's report will give all expenditures, reimbursements and financial reports.

In 1968 this department had 27 Millbury veterans admitted to the Veteran Administration Hospitals and 11 veterans transferred from civilian hospitals to the VA facilities. Over 600 applications were completed and processed through this office and were forwarded to Local, State and Federal Departments. The majority of these applications were for the new State Bonus, Burial allowances, Widow's Pensions, Veterans Aid, etc. Our caseload continues to show an increase each year, therefore bringing an increase in expenditures.

## VIET NAM STATE BONUS

To be eligible for the Massachusetts Veterans' State Bonus, it is necessary to meet the following requirements:

A. Applicants must have had domicile (legal residence) in Massachusetts for a period of at least six (6) months immediately prior to their entry into the service. In the case of career men, they must have had domicile six (6) months prior to July 1, 1958.

B. Veterans must have had six (6) months active duty between July 1, 1958 and prior to the termination of the Vietnam conflict.

Payments under the Bonus Law are as follows:

A. Three hundred dollars (\$300.00) to each such Vietnam veteran, who performed active service outside the continental limits of the United States in the Vietnam area, as said area is described by proper federal authority.

B. Two hundred dollars (\$200.00) to all other such Vietnam veterans whose active service was performed within the continental limits of the United States, or without the continental limits of the United States in an area other than the Vietnam area.

The Bonus application is to be submitted with the Veterans Original DD214. On the bottom of the application is

a residence certificate which must be completed by the city or town assessor where the veteran resided prior to entry into the service.

I wish to thank the Board of Selectmen and all other departments for their continued co-operation.

Respectfully submitted,

FREDERICK E. LUCAS

Veterans Agent

## Report of Safety Officer

To the Honorable Board of Selectmen and Citizens of Millbury, I respectfully submit the following report for the year 1968.

We had Safety instructions throughout our school system. All programs were presented with the approval of the Chief of Police and Supt. of Schools in coordination and help of Principals and Teachers of respective schools.

March 18, Jr. High School Safety program, 7th thru 9th grades, movie and lecture "Before It's Too Late." 10th thru 12th grades, "Wheels of Tragedy."

May 4, Bicycle Safety, Inspection, Registration program. Had obstacle course in High School parking lot. 210 children rode the course and qualified for their Bicycle Riding Efficiency Card. (Thanks to the C. D. Aux. Police for making this program a great success).

July 28, Water Safety Show. (P.N.A., Dorothy Pond). The Board of Selectmen declared "Millbury Water Safety Week." Then Rep. Richard Dwinell gave a fine talk on progress Millbury has made in the past and encouraged more Safety programs in the future. Rep. Mr. Dwinell had the C. D. Rescue truck manned by David Matson, Francis Beaudoin, Arthur Gemme. They gave a demonstration and explanation of all the equipment they carry — including a rescue boat. Then the fire alarm rang and everyone observed how fast and efficient the Rescue Squad responds.

As Your Safety Officer, I wish to compliment and thank the "Rescue Squad" for the fine work, complete and unselfish devotion towards the welfare of our community. Also the C. D. Auxiliary, a fine body of devoted citizens, for without them we could not have had the success we attained. I am happy to report another swimming season went by without any serious injuries or drownings of any citizens.

I have attended 14 Safety Officers meetings during the year. At each meeting we had 4 hours of instructions, briefing and seminars in legislation, speed zoning, breathalyzer, school bus operation and safety, public relations, dangerous weapons, motor vehicle laws, bicycle safety, pedestrian safety, traffic regulation and enforcement, juvenile crimes, narcotics, child behavior, parental supervision, etc.

March 20, guest speaker at Kiwanis Club meeting.

May 15, elected on board of directors, Worc. County Safety Officers.

November 26, guest speaker at N. E. Telephone Co. safety meeting.

Jan, Feb., March, had survey of accidents and traffic tie-up due to snow for evaluation of a Winter — No Parking Ban.

June 19, 20, 21, survey of speed control throughout the town.

August 15, we received our Crosswalk and Road marking machine.

Sept. 3rd to 18th, painted 32 crosswalks and six school zones, four stop lines.

Sept. 5th, held crossing guard meeting and instructions.

Oct. 30, received school bus stops — with Supt. of Schools Mr. Elkins and Mr. Troino of Mass. Dept. of Public Works Traffic Div. a few changes were made for the safety of the children.

Resume of progress made in 1968.

1. Speed zones have been established throughout the town for the safety of our citizens.

2. "Winter No Parking Ban" from 1 a.m. to 6 a.m. to facilitate our traffic problems and snow removal, to cut down accidents, keep traffic moving with a minimum of danger.

3. School Safety Patrol. Made arrangement for instructions to have a better safety patrol.

4. Incorporated more crosswalks, stop lines, pedestrian warning "Look."

5. Bicycle Safety. We have 38% more bicycles this year and had 3 accidents, one less than last year.

In the coming year (1969) we must accelerate traffic safety education, bicycle safety, school safety patrol. We need a new approach to the problems of Safety — which means that all — must accept real responsibility for the improvement that is needed.

We accomplished a few successful programs of safety because of the fine cooperation and support from all town

officials, the Aux. Police did a fine job with the bicycle program. We must continue with improvement by having everyone regardless of age take part in this program — Be Safety Minded.

This year I hope to emphasize Safety — not only to our school children — but to all adults and Senior Citizens — by having programs available for any organizations, clubs, church affairs, boy scouts, mothers clubs, etc.

By contacting Chief White or Safety Officer — 15 days in advance, we will have a program of interest, educational, and appropriate for the group requesting it.

I want to thank all who have helped in my work. The Board of Selectmen, Supt. of Schools, for their encouragement and support.

To Chief White for his guidance and help — for without his full support I could not have any safety programs.

Let us all unite, and make Millbury the Safest Town in Worcester County.

Respectfully submitted,

JOSEPH A. LAUZON

Safety Officer

# Highway Surveyor's Report

To the Honorable Board of Selectmen and the Townspeople of Millbury it gives me great pleasure to submit my Annual Town Report.

## GENERAL HIGHWAY

The usual work has been performed under the General Highway and Permanent Road Accounts. This includes the cleaning and sweeping of streets, also cleaning out catch basins and gutters and general maintenance and patching as necessary.

## SNOW AND ICE ACCOUNT

The winter season kept us busy with a number of snow and ice storms and aided by our local contractors and our own highway personnel our main concern was to keep all roads open and in particular those routes that are serviced by the school bus. Snow removal was performed in the areas of Millbury Center, the Funeral Homes and Churches after each sizable storm.

## OILING STREETS

The oiling and honeing program which has been in effect for several years continues to be a success and with this results we are able to keep our maintenance cost to a minimum.

The following areas were covered this year, Park Hill section, Greenwood Street section and all of West Millbury.

## CHAPTER 90 CONSTRUCTION

### GRAFTON STREET

We were able to complete the first section, putting the finished surface on, berm curbing and finishing up grading the slopes.

The next section again has been held up due to land taking procedure.

### MARTIN STREET

We have started reconstruction of Martin Street, and have been slowed down due to an excessive amount of ledge and not being able to get the utility company to relocate the poles. (Possibly due to the telephone strike). We hope to be able to complete the finish surface in the early spring.

In closing I would like to thank the personnel in the Highway Department, local contractors, and all other town departments for their help and cooperation that they have given me in the past year.

Respectfully submitted,

RUSSELL G. GOVER

Highway Surveyor

## Report of the Millbury Welfare Service Office

To the Selectmen of the Town of Millbury:

Effective July 1, 1968, the Local Board of Public Welfare was abolished, and Local Administration was transferred to the State as of that date. We are now known as "The Millbury Welfare Service Office."

All cost for Administration and Aid is now financed by the State Department for all categories of assistance and the Town no longer participates in Welfare. We therefore refer you to the Town Auditor's report which gives the full description of our expenditures, reimbursements, and financial report up to June 30, 1968, during which period the Town shared expenses for administering Welfare aid.

(Mrs.) Zetta C. Brodin, *Director*  
Millbury Welfare Service Office

## Report of Dog Officer

To the Honorable Board of Selectmen:

The activities of this Department for the year 1968 are as follows.

Stray dogs picked up	68
Complaints investigated	83
Lost dogs returned to owners	27

Dogs must be licensed April 1st of each year. Please report lost dogs to the Dog Officer to assist us in returning them to their owners. All dogs must be restrained until after 9 a.m. on school days.

Respectfully submitted,  
FRANCES M. COLBY

Dog Officer

# Report of Board of Health

To the Honorable Board of Selectmen and the Citizens of Millbury:

The Members of the Board of Health respectfully submit the following report for the year 1968.

# Town Clerk's Report

To the Citizen's of Millbury and the Honorable Board of Selectmen:

I respectfully submit my eighth annual report as Town Clerk.

1968 was an extremely busy year in the Town Clerk's Office. Many new laws were enacted which greatly increased the duties of the Town Clerk, one of which required additional registration sessions.

Our population is on a definite increase; voter population alone increased a little over 500. Births, marriages and deaths have increased in respect to the population expansion. To sum it up, our general workload has increased, which, of course, is to be expected as you reflect on the above mentioned growth of our community.

May I take this opportunity to express my sincere thanks to all of the elected and appointed officials in the Town of Millbury for their cooperation throughout the year.

Respectfully submitted,

ORAN DAVID MATSON

Town Clerk

## Report of the Registrars of Voters

To the Honorable Board of Selectmen and the Citizens of Millbury:

As we close the books on the election year of 1968, we find that we have much to report. It was a busy year due to the activity on the political scene.

The registrars held 29 special evening sessions and five 12-hour Saturday sessions to register new voters in addition to daily registration in our office. The end result being a total of 5,943 registered voters.

The following is a break-down of registration by precinct.

PRECINCT	DEMOCRATS	REPUBLICAN	UNENROLLED	TOTAL
1	759	155	845	1759
2	370	222	631	1223
3	430	203	577	1210
4	441	93	412	946
5	369	106	330	805
Total	2369	779	2795	5943

The following number of votes were cast in each election.

Annual Town Election — March 9, 1968	3,110
Presidential Primary April 30, 1968	262
State Primary September 17, 1968	
Republican	156
Democratic	1,731
	<hr/>
Total	1,887
State Election November 5, 1968	5,070

During the past three years we have been studying various methods of voting used throughout the country to modernize our election methods. During the last year, we have had automatic voting machines on display at the Town Hall and used them with great success at the September Primary and the November Election. The automatic voting machine has for many years proven its efficiency and accuracy in entering election returns which is our primary concern. An article will appear in the 1969 Warrant for the

annual town meeting to purchase five automatic voting machines which will equip one precinct at a cost of \$9,490. The total number of machines required for the entire town is 18 to 20, depending on the increase in voter population in the next four years. We hope to have the entire town equipped with machines by 1972.

In closing, we would like to remind our residents that they may register to vote any day of the week Monday through Friday in the Town Clerk's Office.

## Report of Gas Inspector

I hereby submit my annual report as Gas Inspector for the year ending December 31, 1968.

During the past year this department has done 141 gas inspections.

All permit fees have been turned into the Town of Millbury.

Respectfully submitted,

ALBERT H. WEST

Gas Inspector

# Report of Millbury Housing Authority

The Millbury Housing Authority herewith presents its annual report for the year ending December 31, 1968.

Due to the great number of applications for elderly housing, the authority was forced into a decision that a second project was required in town. Therefore an article for same was inserted in the warrant of the March 1968 town meeting. There it met overwhelming favor and was passed without dissention.

Subsequently, phase one (formal application) for this project was drafted and presented to the Housing Division of the State Department of Commerce and Development. A representative of that department came to Millbury to investigate the need and viewed possible sites. He concurred with the views of the authority and citizens of Millbury that the second project is needed. He also reported that nothing further could be done this year (1968) as all development funds for state housing had been committed and that Millbury would be on the priority list for funds expected to be made available by the General Court in 1969.

During July the authority reluctantly accepted the resignation of John M. Hamilton as assistant director. Mr. Hamilton had been instrumental in the formation of the Millbury Housing Authority and had been associated with it since its inception.

Joseph T. Sullivan resigned as treasurer of the authority and was named by the board as assistant director.

The Millbury Board of Selectmen then named Raymond J. Whittaker, a former member and executive director, as an interim member of the Housing Authority until the 1969 town election.

## *200-1 Veteran's Project*

This project remains fully occupied at the end of its 18th year. It required replacement of several more hot water heaters and routine maintenance during the year. Present planning call for exterior painting of entire project in 1969.

## *667-1 Elderly Project*

This project has completed its 8th full year fully occupied and requiring only routine maintenance.

Erection of stockade fencing was among the improvements made during the year. Several of the apartments which had been vacated during this period were repainted before being occupied by the new tenants.

The work of dismantling and cleaning of the large picture type windows is presently being undertaken by the maintenance personnel and should be soon completed. Included in 1969 planning are repair and paint of exterior trim surfaces and blacktop work.

## Planning Board

To the Honorable Board of Selectmen:

The Millbury Planning Board herewith submits its annual report for the year ending December 31, 1968.

Sub-divisions submitted, amounted to six, of which public hearings were held and decisions were made as follows:

Tabled—1  
Disapproval—2  
Approvals—3  
(1967) Rescissions—1

As you can see by the report, the Planning Board doesn't approve everything that comes along.

During the past year, the Planning board has been in the process of up-dating our Master Plan, which included, Zoning, Rezoning for Industry, adopted new and stricter sub-division Regulations, establishment of an interim Capital Improvements Study Committee, of which guidelines for establishing priorities will be developed. A report will be prepared summarizing this work.

The Planning Board Meetings, are open meetings, held on the second and fourth Monday of each month, unless otherwise notified, in the Selectmen's Room, in the Millbury Town Hall at 7 P.M.

The Board again wishes to thank the good citizens of Millbury for their patience and cooperation throughout the year.

Respectfully submitted,

FRANK J. PISCITELLI, *Chairman*

DONALD P. WAGNER,

*Vice Chairman*

FREDERICK HOLLAND, *Clerk*

# Report of Building Inspector

To the Honorable Board of Selectmen:

Once again, it has been a pleasure to serve the Town as Building Inspector. I was appointed Zoning Agent by the Honorable Selectmen, not only to expedite building permit applications, but also to give the Planning Board more time to devote to Planning and other matters pertaining to Planning.

For 1968 ,the Budget for the Office of Building Inspector was set at \$1,400.00 of which salaries and expenses are deducted. As you read further, again you'll see that this is a self-sufficient Department.

Fees collected up to the time of this report, have been in excess of \$1,800.00.

Building Permits issued up to December 1, 1968 have been as follows:

- 68 Single Family Dwellings — Est. Value — \$1,337,500
- 4 Two Family Dwellings — Est. Value — \$70,000
- 9 New & Industrial Additions — Est. Value — \$509,300
- 4 Commercial & Business Add. — Est. Value — \$12,000
- 43 Garage & Room Additions — Est Value — \$73,750

Also a number of permits were voided.

During the course of the year, I have made a number of safety inspections and issued Inspection Certificates for Safety, of which Assembly Halls, and Places Of Assembly, with capacity up to 400 excluding schools, churches, nursing homes, etc. are included.

Applications for Building Permits can be applied for in the Selectmen's Room from 10 A.M. thru 4 P.M. Monday thru Friday, also by dialing 755-5432 anytime after 6 p.m.

Once again, I want to express my thanks to all departments, citizens, contractors, and developers for the co-operation they have given me throughout the year.

Respectfully submitted,

FRANK J. PISCITELLI

Building Inspector

## Report of Parks Commission

It has now been two years since the inception of the Millbury Parks Commission. While we have not been able to provide all the recreational facilities we would like to provide, we have accomplished a good number of them.

We are working in conjunction with other town officers in order to provide adequate swimming facilities for the town. We are also continuing our search for an appropriate playground area in West Millbury.

Currently, the Parks Commission is engaged in a study with the School Committee and Mr. Elkins, the Superintendent of Schools, regarding the possibility of developing the Parks-Schools concept of utilizing school facilities for recreational use by the citizens of the town.

The year 1968 has seen a great number of changes in the appearance of our playgrounds with greatest expansion at the Moorey Playground on Washington Street. The entire playground area at the Greenwood Street Playground has been resurfaced and a coasting and ski area has been added at the East Millbury Playground. The Parks Commission has been trying to stay one step ahead of federal recommendations regarding land developments for recreational purposes.

In the area of added recreational activities, the Parks Commission sponsored this summer a block dance for teenagers at the high school and a Halloween program of movies at the Elms Theater and a dance for teens at the high school. Both programs worked out quite satisfactorily. For helping to make our Halloween festivities a success, the Commission's thanks is extended to Mr. Frederick Baker, manager of the Elms Theater, for making available to us the use of his theater, to Mr. John Boulette whose efforts in contacting Jo-Bo the Clown for our children's program were most successful, and to Jo-Bo himself for the excellent job he did in entertaining our youngsters.

The Commission also worked in conjunction with the Kiwanis Club in presenting the 4th of July celebration.

The next major effort of the Parks Commission will be a Parks and Recreation questionnaire designed by the Commission to determine the recreational needs of our Community and to provide those needed as soon as possible.

Any group is only as strong as those it can depend on when there are things to be done. That statement being true, we have a very strong group and we can thank Pat Poulin, Jack Capistrone, Ray Lemieux and Vitte Chunis for making this a strong group. They have done a fine job for their town. We would also like to extend special thanks to Troop 98, Boy Scouts of America, for the fine job they did decorating the Town Common at Christmas time.

Respectfully submitted,

# Report of Conservation Commission

The Millbury Conservation Commission herewith presents its annual report for the year ending December 31, 1968.

During the year the Conservation Commission has been active in acquiring wetlands for preservation in its natural state.

The mosquito control program is available for Millbury residents with mosquito problems. Anyone wishing to have his property sprayed can make arrangements to do so by contacting Tree Warden William H. Graves.

This Commission has met several times with the Board of Selectmen and the Parks Commissioners for the purpose of obtaining suitable swimming and recreation areas so badly needed in our Town; we have offered our assistance in obtaining any State and Federal Funds which may be available under the jurisdiction of the Conservation Commission for this purpose.

The Davidson Wildlife Sanctuary in West Millbury is available to all youth groups and people interested in nature.

In closing, the Commission would like to urge all residents who may be aware of or may even like to donate any land they would like to have remain forever in its natural state to please contact a member of this Commission. This is an excellent way to guarantee that some land will remain open for the future youth of the Town of Millbury.

## DAY PROGRAM

### A. January - June 1968

#### 1. Enrollment

At the beginning of 1968 118 boys were in the sophomore class and 117 were in the freshman class at the Blackstone Valley Regional Vocational Technical High School. The number of students in each of the departments was as follows: 25 in Auto Body, 25 in Auto Mechanics, 25 in Mill and House Carpentry, 27 in Drafting, 30 in Electronics, 56 in Machine Shop, 24 in Metal Fabrication, and 23 in Plant Maintenance.

#### 2. Exploratory Program

During the first semester the freshmen had been given an opportunity to spend two weeks in each of the eight departments so that they would have some knowledge of and experience in each of the programs offered by the school. Every student had made a choice of department before the start of school based upon aptitude tests and guidance counseling but we wanted to give them actual experience in every department before they made their final selection. Less than 10 % of the students wanted to change their choice, which indicates that our program of aptitude testing and guidance counseling is very effective.

#### 3. Pupil Selection for the Fall of 1968

During the months of January and February all the schools in the member towns were visited by the Guidance Director in order to give information to the boys in the eighth grade about the courses that are offered at the Blackstone Valley Regional Vocational Technical High School. Applications were distributed and the students were requested to indicate their first, second, and third choices among the courses offered. Specially designed information forms were given to each school administrator, to be completed for each boy who planned to make application for admission to the Blackstone Valley Regional Vocational Technical High School.

At a later date applicant groups from the various towns were brought to the school so that they could visit each of the eight departments and actually see the program in operation. During the day they were given a series of aptitude tests involving verbal reasoning, numerical ability, mechanical reasoning, abstract reas-

oning, and spatial relations. The scores on the above tests and the information sheet provided by the sending school were evaluated in order to produce a profile of each applicant's characteristics. Each applicant's profile was recorded on a compilation sheet which served to identify the most qualified students in each town. Every effort was made to admit the best qualified boys in each town, to give them their course preference, to distribute the courses as equally as possible among the towns, and to select each boy for the course in which he appeared to have the best chance of success. Due to lack of space we were able to admit only 110 boys out the 346 that applied for admission.

#### 4. Expansion of the Blackstone Valley Regional Vocational Technical High School

During the years of 1966, '67, '68 we have had over 1000 applicants for admission to our school. Unfortunately, due to lack of space we have only been able to accept one out of every three boys that apply. At the beginning of 1968 the school committee decided that it would be necessary to build an addition to the school if the needs of the youth of this region were to be served.

This addition is presently under construction and is scheduled to be ready for occupancy in September of 1969. It will provide four new shops, four classrooms, a technical drawing room, and a remedial reading room. This will allow us to accept an additional 160 students which will increase the capacity of the school to 520 pupils.

#### 5. Retirement of James S. Mullaney

Jim Mullaney retired from the Blackstone Valley Vocational Regional School District Committee on March 21, 1968. No one can ever replace a man of Jim's stature and vision. He will always be remembered as the moving spirit behind the planning and realization of the Blackstone Valley Regional Vocational Technical School. But he is certainly entitled to a well-earned period of leisure and we all extend our warmest good wishes to him for a long and happy retirement.

### B. September - December 1968

#### 1. Enrollment

In September we started our third year of operation with 112 juniors, 117 sophomores, and 111 freshmen for a total of 340 pupils. The number of boys from

each of the towns was as follows: 31 from Bellingham, 16 from Blackstone, 14 from Douglas, 39 from Grafton, 19 from Hopedale, 9 from Mendon, 54 from Milford, 46 from Millbury, 6 from Millville, 40 from Northbridge, 18 from Sutton, 17 from Upton, and 31 from Uxbridge.

## 2. Cafeteria

Our cafeteria staff continues to do an outstanding job for the students of our school. Once again our cafeteria was rated in the top ten in Massachusetts by the Massachusetts School Lunch Program. Last year we were rated number nine but this year we were ranked number two in the entire State. We congratulate the cafeteria staff for their fine achievement.

## 3. Lincoln Arc Welding Foundation Awards

Nine sophomores in the Metal Fabrication Department received national recognition from the James F. Lincoln Arc Welding Foundation, in competition with schools throughout the country. The Blackstone Valley Regional Vocational Technical School was the only school in the U.S. to have a grand national winner, three regional award winners and three sixth award winners. This achievement is all the more remarkable considering the fact that all nine students were only sophomores and that all nine won awards.

## 4. Accreditation by the New England Association of Colleges and Secondary Schools

At the December 5th meeting of the Commission on Public Secondary Schools, it was voted to recommend the Blackstone Valley Regional Vocational Technical High School for institutional membership in the New England Association of Colleges and Secondary Schools on the basis of a recommendation by the Ad Hoc Committee on Vocational Education. The Commission recommendation was approved by the Association's Executive Committee and the membership at the Annual Meeting on December 6, 1968.

The accreditation of our school was the outstanding educational event of the year and indicates to the general public and the teaching profession that qualitative standards are being fulfilled.

## ADULT TRAINING PROGRAMS

### 1. Evening Trade Extension Courses

The evening trade extension courses for adults

started Monday, September 30, 1968. These classes are open to persons over 16 years of age who are not attending school and who can show evidence of trade contact with the specific training desired. The following courses were offered: Auto Body Repair, Auto Mechanics, Mill and House Carpentry, Electronics, Machine Shop, Metal Fabrication, Plant Maintenance, Drafting, Plumbing Code, and Blueprint Reading. A total of 228 adults were enrolled in these courses. The number of students from each of the towns was as follows: 24 from Bellingham, 12 from Blackstone, 8 from Douglas, 15 from Grafton, 11 from Hopedale, 17 from Mendon, 30 from Milford, 7 from Millbury, 4 from Millville, 42 from Northbridge, 6 from Sutton, 29 from Upton, and 23 from Uxbridge.

## 2. Nursing Aide Program

While our school was designed primarily for boys, the first class to be graduated was composed entirely of women. On April 11, twenty-six students were awarded certificates at graduation exercises held at St. Camillus Hospital in Northbridge. This was the first specialized training course for nursing aides in the Blackstone Valley area. All the graduates of this nursing program are working in nursing homes and hospitals in this region.

## 3. Automotive Machinist Program

The second graduation took place on May 17th when the young men in the automotive machinist program completed a 44-week training period. This is the only program of its type in the United States and the entire expense of this course is borne by the Automotive Wholesalers Association of New England, the automotive equipment manufacturers, and the Federal government. Upon graduation the young men were hired by employers from all parts of New England. We had three times as many jobs as we had graduates.

On June 3rd another group of 32 young men started the second program in automotive machinist training and they are scheduled to graduate next April.

## 4. Production Machinist Program

On June 24, 1968 another program for unemployed young men was started in our school to train them in the operation of basic machine shop equipment. This will be a 30-week course and they will complete their training in the middle of January 1969.

## CONCLUSION

Midway through our third school year we feel that the Blackstone Valley Regional Vocational Technical High School is operating efficiently and serving the people of the area effectively in several divergent capacities, as shown in the number of students who enrolled in the regular day program and in the adult training programs:

1. 340 freshmen, sophomore, and junior boys in the day program.
2. 228 men and women in the Evening Trade Extension program.
3. 32 young men in the Automotive Machinist program.
4. 16 young men in the Production Machine Operator program.
5. 26 graduates of the Nursing Aide course.
6. 24 graduates of the Automotive Machinist program.

Thus we have offered about 670 people the opportunity to further their education and to increase their vocational skills.

At the end of 1968 the School Committee, the staff, and the administration look back in satisfaction at the excellent progress we have made; and with the increased variety in our curriculum and the physical capacity our addition will afford, we can look forward with confidence to an even brighter future.

#### Apportionment of Costs Incurred by the District

##### (A) Classification of Costs

For the purpose of apportioning assessments levied by the District against the member towns, costs shall be divided into two categories: capital costs and operating costs.

##### (B) Capital Costs

Capital costs shall include all expenses in the nature

of capital outlay such as the cost of acquiring land, the cost of constructing, reconstructing and adding to buildings, and the cost of remodeling or making extraordinary repairs to a school building or buildings, including without limitation the cost of the original equipment and furnishings for such buildings or additions, plans, architects' and consultants' fees, grading and other costs incidental to placing school buildings and additions and related premises in operating condition. Capital costs shall also include payment of principal of and interest on bonds, notes or other obligations issued by the District to finance capital costs.

(C) Apportionment of Capital Costs

Capital costs shall be apportioned annually in December for the ensuing year as follows:

- (1) Each member town's share of the capital costs incurred in connection with the construction, equipping and placing in operation of the initial district school building, including the payment of principal of and interest on bonds, notes or other obligations of the District to finance such capital costs, shall be determined by computing the ratio which the sum of its public school male pupil enrollments in grades nine through twelve, inclusive, on October 1 of the three years next preceding the year in which the Committee votes to authorize the incurring of such capital costs bears to the sum of the public school male pupil enrollments in grades nine through twelve, inclusive, of all the member towns on October 1 of the same three years; and in the case of capital costs consisting of the payment of principal of the interest on bonds, notes or other obligations issued by the District, the ratio shall not be changed during the period in which such bonds, notes or other obligations are outstanding, except as provided in subsection VII(A). For the purpose of this clause (1) of Section (A) above, public school male pupil enrollments shall be defined as the number of male pupils in grades nine through twelve, inclusive, residing in each member town and receiving education at such town's expense.

\* Ratio is each member town's share of the capital costs.

\* The method of calculating the ratio for each town is shown on pages 8, 9, and 10 of the 1965 Annual Report.

# Report of The School Committee

To the Citizens of Millbury:

The School Committee herewith submits its annual report for the year ending December 31, 1968.

The Millbury School Committee began the year with the unenviable task of replacing the superintendent and high school principal. Mr. Stephen Beaton and Mr. Raymond E. Shaw announced their retirement from public education after many years of dedicated service in Millbury. The committee accepted the resignations, with regret, and on behalf of the school system extended to both gentlemen the sincere hope that their retirement would be long and enjoyable.

To find well qualified individuals to fill these positions the School Committee spent many months interviewing candidates, some twice, and finally selected Mr. Irwin C. Elkins, Administrative Assistant in New Milford, New Jersey, to become our new superintendent and Mr. Donald Drake, Principal at Hopedale High School, to become principal of the Memorial High School. At the same time our new Elmwood Street Elementary School opened in September with Mr. Kelton Johnson, a former teacher in the Worcester Public Schools, selected as the principal.

The following salary schedule became effective September 1, 1968:

	<i>Minimum</i>	<i>Maximum</i>
(1) Bachelor's Degree .....	\$5,900	\$9,100
(2) Master's Degree .....	6,400	9,600
(3) Master's plus 30 Hrs. ....	6,900	10,100

The spiraling economy of the nation is most noticeable in the salary schedules of the surrounding area. A schedule is adopted, it remains in effect for only one year, and becomes outdated before the year is over. The above schedule reflected considerable thought and effort on the part of your School Committee and yet, it placed us in the bottom 25th percentile range for communities our size in the state. Present negotiations indicate another 10% increase in the salary schedule—a schedule that is necessary to keep us on a competitive basis with the communities we must compete with for teachers. It is a sobering thought and one with which your committee has labored many evenings. The members of the School Committee have been governed by a tremendous sense of community responsibility as they have met, sometimes three evenings a week, to reach conclusions that reflect a sound approach to the fiscal problems of the community. Collective bargaining for teachers and the recently organized janitor-cafeteria workers group in the AFL-CIO indicates many more long hours during the coming year to provide a contract acceptable to all concerned.

On the positive side has been the amicable bargaining sessions between the Millbury teachers and the committee. When one sees the difficulties encountered in some communities, and the absence of contractual problems in Millbury, one can only conclude that we have a professional group of which the community can be justly proud.

The following Horace Mann students are to be congratulated for

their excellent scholastic achievement as students in the Millbury Memorial High School: Ellen Church, George Gosselin, Janice Lindstrom, Mary Norton, Sylvia Riendeau, and Cynthia Woll.

The requested budget for 1969 is an approximate 29% increase over 1968. The State has approved reimbursement in the amount of \$325,540.00 for the year 1968. This amount is returned to the Town Treasurer, not to the School Department.

The committee wishes to thank everyone for the generous cooperation given it during the past year; let's continue to work together to give our children the best possible education.

# Report of the Superintendent of Schools

To the School Committee:

I hereby respectfully submit my first annual report and the seventy-ninth in the series of reports of the Millbury school superintendents. It is with the deepest appreciation and humility that I accept full responsibility for the education of our children in Millbury following a tradition of many years of dedication by superintendents preceding my arrival in Millbury. I have come to know and appreciate the hard work of so many people loyal to the district for so many years who have been responsible for bringing the school system to the height of quality it has attained, and I feel proud to have been invited to join this team to insure our system's maintaining its standards of excellence.

### *The Shape of Education on the National Scene, 1968*

Education in the year 1968 continued its searching, often frenzied, self-analysis in trying to come up with the right answers for a society which is no longer satisfied with the status quo, but doesn't see yet what can replace it. For parents it meant a strong desire to participate in educational decision-making, for students it was the assumed right of self-expression even though on occasion this expression tended to infringe on the rights of others, and for professional and non-pro-

fessional staff members it was a time of great upheaval as they sought to gain a firmer foothold in the labor marketplace through often disruptive sessions of negotiations and sanctions, with the wounds in some school systems leaving ugly scars. The federal government continued a massive infusion of money under the Elementary and Secondary Educational Act, Vocational Education Act, Educational Professional Development Act, Federally-Impacted Areas Act, and a host of special programs aimed at the culturally disadvantaged and economically deprived child. These included pre-school programs, programs for the underachiever, vocational work-study programs, and a massive array of programs designed to individualize instruction by new forms of grade organization (team-teaching and non-gradedness), new technology (computerized classrooms), new methods of staff utilization (resource teachers), and a tremendous change in curricular materials covering the gamut from Individually Prescribed Instruction (Pittsburgh experiment) through a host of newer courses for today's youth. It is a tribute to the greatness of experienced teachers that the success of these programs can be achieved, since in all of the newer technology nothing has replaced the effectiveness of understanding teachers using the tried-and-true methods which have supported American education for decades.

### *The Shape of Education on the Local Scene, 1968*

For the Millbury school system, 1968 was a year of great change: new administrative personnel, many new staff appointments, a new 24-room elementary school, and a general consolidation and re-thinking of our educational goals and organizational procedures. We welcome Mr. Donald Drake as our new High School Principal and Mr. Kelton Johnson as the Elmwood Elementary School Principal who joined our team this year and who bring to Millbury excellent professional training in education. To all of the new teachers who have joined us this year I also extend my very best wishes. It is difficult singling out where to give the most praise in the success of the school program for 1968 except to say that Millbury can be very proud of the quality of its teaching staff, for where else can every educational goal be attained if not in their hands in their daily contact with our children.

### *Millbury's Educational Program: Tribute to our Staff*

No one program among many good programs needs to be singled out for particular mention. It is safe to say that Millbury citizens have provided quality equipment and supplies for all classrooms so that no matter where the class was held—be it in a new or an old building—every student had equal opportunity to participate in a quality educational program. Our neighborhood schools continued to provide an outstanding program regardless of the age of the building in which the program took place. The following services were provided for our elementary children:

#### *Art*

The objectives of the art program were to gear the teaching of art to the development level of the child; to include all of the basic skills, such as cutting, folding, pasting, as well as handling a crayon and brush; to develop an appreciation of art; and to develop projects in sequence from simple ideas to more sophisticated skills and techniques. Various media were covered, such as crayon, poster paint, paper cutting and collage, chalk for the second half of the year, and other media such as stitchery, weaving, paper sculpture, and ink.

### *Remedial Reading*

Objectives for this important area were to improve skills in listening, visual and auditory acuity, and oral and silent reading. Two Controlled Reader Machines were used to improve reading speed and comprehension, and materials in phonics and reading primers were used to develop skills in summarization and similar techniques.

### *Speech*

The Speech and Hearing Program is now into its fourth year in the Millbury Public Schools. This year the program has been expanded to five days a week, enabling the therapist to visit each school twice a week during school hours.

The candidates for this program are chosen mainly through teacher referrals, although there are some instances when the principal, school nurse, guidance counselor, or parents may refer specific children. This year there were over two hundred referrals, all of whom were tested and evaluated. When the evaluations were completed, approximately eighty-five children were selected and placed into small groups. The children in each group share a similar speech problem and are approximately the same age. This provides for a comfortable working situation.

The problems that the therapist encounters are many and varied. They may include stuttering, articulation, delayed speech, cleft-palate and voice. Our goal is simply to help each child achieve better speech habits in order to make him a happier individual.

### *Physical Education*

For the first time our school system established a varied program of physical education activities in grades one through six. All pupils in the elementary schools meet once a week with either Mr. Robert Muir or Mr. Robert Sullivan, and the classroom teachers carry on the program on other days of the week. Activities include games, calisthenics, gymnastics and tumbling, and general skills in physical fitness.

### *Elementary Vocal Music*

The music reading program begins in grade one and is not a separate part of music education, but is a part of all musical activities. The children make many tonal and rhythmic discoveries in music reading through the ear prior to grade three. We are using the rote to note process (the hearing to writing period) in grades one to three whereby the child's *ear* is developed first, and then his eye. In the earlier grades, a child experiences music first and becomes acquainted with its sound. Later on, in grades four to six, he *sees* what the music does or what *makes* it.

The three areas of the rote to note period include: (1) singing experiences (of all parts); (2) a development of a system of tonal expectations (or learning how to handle the syllables of the major scale); (3) ear training—both tonal and rhythmic. All of this basic theory is reinforced through the eye in grades four to six.

### *Instrumental Music*

Flutophone lessons are still being provided for pupils in the third and fourth grades. This pre-band instrument is for students to become acquainted with music fundamentals and techniques. All third graders

are taking part in this course plus the fourth graders in our outlying schools.

A total of 28 pupils from both Center and Union schools were attending instrumental class at the start of the school year. This is the largest group from these two buildings to start at the beginning of the year. These pupils have all had at least one year of instrumental instruction.

At the time of this writing a total of 20 new members have joined the program. Recruiting for these groups is still going on with an average of one or two players joining each week.

The Center School band and glee club presented its annual concert during the last school week of the past school year. This program was presented to both the students and parents of all students in the Center and Union schools. A total of 33 band members took part in this program. A group of about 30 youngsters also took part in this program with vocal selections prepared by Miss Eaton.

Summer band classes were again offered to Millbury students. Enrollment this summer was 50 students, with 10 of this number being beginning students.

#### *Elementary Library Service*

The students and teachers of the Elmwood Street Elementary School were able to enjoy the benefits of a central library and resource center and the services of a full time librarian. The library has a seating capacity for 80, or 7% of the school's enrollment.

The first few months of the school year were devoted to cataloging and classifying books and A/V materials and organizing the library in general.

As of December the library contained nearly 1400 books, magazines and reference books. Last summer over 3500 books were purchased to be placed in classroom collections in grades one to six throughout the town.

Filmstrips and records plus supplementary A/V equipment are housed in the resource center. The majority of the A/V equipment is permanently placed in the classrooms.

Weekly library periods have been scheduled for all classes. During this time children can enjoy a story period, are helped in selecting a book, or are given instructions in using the library and locating material. The students are taught the location of the various books, the use of the card catalog, and how to use the reference books. They are encouraged to use the library throughout the day for research work or pleasure reading.

Student library assistants have been trained and are doing a remarkable job in handling routine duties in the library.

The school library materials have been made easily accessible to the students and teachers in order to insure optimum use and good library service.

#### *Elementary Guidance*

A new service instituted this year was a full-time elementary guidance program under Miss Madeleine Army, who has been trained in

this important field and has received many teacher referrals. All of the elementary schools, grades one through six, receive equal attention in Miss Army's schedule. Group guidance, case conferences, testing, handling emergency situations involving child interrelationships, and maintaining special developmental anecdotal records for future reference, as well as in-service training, makes up the bulk of Miss Army's time. This is a very important service in helping to maintain a healthy classroom climate.

### *Opening of the Elmwood Street Elementary School*

Through your magnificent support as a community, and the hard-working, dedicated Elementary School Building Committee, the work of several years of planning resulted in a school in which we can all be proud.

Open House was held at the school on October 13, 1968, at which time over 4,000 people were able to visit the new school and see the facilities that are being used to stimulate the children in their educational growth. Many programs are presently being planned for the youth of Millbury to use the school, for example Pee-Wee and CYC basketball, Cub Scout and Boy Scout meetings, Bluebird and Brownie group meetings, and various group dances. We are pleased to see this new building being used by the whole community outside of regular school hours to fulfill the total Community-School concept.

### *Special Education*

Millbury maintains three classes of special education, a trainable group at the East Millbury School using a re-modelled room stocked with excellent materials, a young educable group at the Elmwood Street Elementary School, and an Opportunity class at the same school. We are fortunate in having the services of three highly competent teachers in Mrs. Barbara Johnson at the East Millbury School, Miss Janice Jones and Mr. Richard McGrail at the Elmwood Street Elementary School. In addition to a highly diversified program, we have added an extensive program of domestic science and industrial arts to the special education curriculum and also utilized team-teaching approaches in developing this program.

### *Title I Summer Program*

The objectives of the summer program were to improve the reading abilities of those children who have shown themselves to have marked reading deficiencies; to give those children who need further work in arithmetic an opportunity to get the necessary help that the children will need to acquire the necessary skills for important growth in this area; and to give further academic assistance to mentally retarded children from the target areas. The program included 22 classroom teachers as well as a guidance person and an additional reading teacher. All of these people worked on a basis of a four-day week, four hours per day, and for a six-week period.

### *Elementary Curriculum Planning*

The heart of any school system is the curriculum itself. As taught by a competent professional staff, the curriculum must encompass a variety of techniques geared to developing each student to his highest potential. By encouraging creativity in teaching and supplying teachers with modern materials, the basic philosophy of the Millbury school system is to try to stimulate curiosity in the student and at the same time develop a climate which supports meaningful change

and growth. To do this requires precise and multi-levelled planning on the part of many people. Fortunately, Millbury's staff has always gone the "extra mile" and their planning this year is no exception, as this excerpt from Mr. Leo Beaumont's report illustrates:

"Since we have found that we must keep abreast of new developments in education, we are now in the process of revising and updating our curriculum that now exists in grades one through six. Committees are working in the fields of language arts, science and social studies. Certain recommendations have been advanced in that the school system ought to accept science as a part of the curriculum beginning in grade one and that it should be a formal approach with textbooks and other available materials. The social studies committee has advanced the same recommendation. We have also established a committee to work in the area of developing a program for perceptually-handicapped children who are determined to be in that category. Another committee has been established to work on report card revision. This committee is concerned with a more comprehensive method of reporting to parents. The goal is to devise this type of report from grades one through twelve. They are investigating the methods of reporting used by many school systems."

At the Center-Union complex many enriching activities have also taken place; a weekly-craft program for the sixth grade in the Union School, a pilot project in partial-departmentalization for the fifth grade; vital activity-learning projects such as the mock election in social studies utilizing the new voting machines generously supplied by the Town; and many other stimulating programs by a very alert staff.

#### *Secondary Program, Grades 7-12*

The results of a strong elementary program culminate in a strong program at the secondary level. Here, too, the quality and dedication of the professional staff are in evidence, and the success of our graduates after they leave Millbury attests to this fact. As in previous years, the report of the Guidance Department is included below in its entirety:

Parents in particular, but people generally, are interested in knowing what the graduates of our high school do after graduation. The educational and occupational plans for the 1968—graduates are listed in the following profile:

<i>Intention</i>	<i>Number of Students</i>	<i>% of Class Total</i>
1. Four Year Colleges	40	29.7
2. Junior Colleges	14	10.4
3. Health Sciences	2	1.5
4. Business Schools	9	6.7
5. Technical Institutes	11	8.2
6. Hairdressing School	1	0.7
7. Military Service	6	4.4
8. Employment	51	37.7
9. Post-graduate	1	0.7
Total	135	100.0

Students in the four-year college group are enrolled as follows:

State Colleges—eight at Worcester; one at Westfield; two at Salem; two at Framingham; one at Fitchburg; and two at Bridge-

water; eight at the University of Massachusetts; four at Worcester Polytechnic Institute; two each at Anna Maria College and Northeastern University; and one each at Bentley College, Boston University, Brown University, Clark University, Mt. Union College, Ricker College, Simmons College and the University of Wyoming.

The testing program was completed as it has been done in previous years.

In February, twenty-six juniors took the National Merit Scholarship Qualifying Test. Certificates of commendation for outstanding performance were awarded to George Gosselin and Wayne Marquis. In May fifty-one students took the College Entrance Examination Board Scholastic Aptitude Test and forty-three took one or more of the CEEB Achievement Tests. Three more students took the Scholastic Aptitude Test in July; one of the students also wrote two Achievement Tests.

The services of the Youth Guidance Center and the Milford Mental Health Center have been made available to our schools. The Youth Guidance Center has offered help for a year; the other group will be giving assistance indefinitely. With personnel from the latter group the counselors, nurses, and administrators conduct child-study sessions one day each month in an effort to work out better ways for coping with the problems of young people.

The Guidance Department staff members are happy to serve. They welcome the opportunity to assist students in working out their problems. They strive to help young people to become self-guiding so that on their own they may make decisions which will be in line with the best interests of themselves and of society.

### *Junior High and High School*

With Mr. Donald Drake, our new principal, the fine programs and traditions established by Mr. Shaw have been furthered and procedures established to maintain the high quality of the curriculum as well as to support the kind of professional climate necessary for the maintenance of acceptable educational standards. Enrollment has continued to increase as the following chart shows:

Grade	7	8	9	10	11	12	Total	Increase from Previous Year
10-1-67	216	190	152	169	169	147	1043	41
10-1-68	209	214	184	146	158	171	1082	39

Excerpts from Mr. Drake's report follow:

The existing Home Economics Room was partitioned during the summer in order to provide an area for sewing classes in grades 7 and 8 and one stenography class is meeting in what used to be the nurse's clinic.

In an attempt to satisfy the requirements of recent legislation calling for 120 minutes of physical education weekly for each pupil, we are teaching some classes in regular classrooms. Needless to say, there is no physical activity in these classes. Rather, the emphasis is placed upon health.

The department heads are holding regular meetings with the members of their departments in order to seek improvements in our curriculum and in methods of presentation and routinely, department heads will meet with me to discuss matters of common interest. One such matter is our marking system. A group of teachers is now at work to identify the problems and to make proposals for changes that may be indicated.

In the competition for the "Annual Town Report Cover Contest," Paul Tabor, a seventh grade student won first prize, James Pellegrini, an eighth grade student won second prize and Paul Kawolis, a seventh grade student won third prize.

On May 16 all members of the eighth grade class, accompanied by their teachers, went to Boston on an educational trip. The students were afforded the opportunity to visit the Boston Museum of Science as well as places of historical significance such as Old North Church, Bunker Hill Monument and Old Ironsides.

Intra-mural sports for girls in grades 7 and 8, with Miss Ann Harrington as coach, continued to be popular. They enjoyed competition in field hockey, basketball and volleyball.

Interscholastic baseball was continued for grades 7 and 8 boys. Plans for intra-mural basketball for boys are being made for the coming year. Plans for introducing intercholastic basketball for boys in grades 7 and 8 are in the making in addition to intra-murals for next year.

Parents' Night was held November 18th and 19th for grades 7-12. The parents of pupils had the opportunity to talk with the principal, the guidance counselor and teachers concerning the work of their children. The large attendance demonstrated the keen interest parents have regarding the educational progress of their children.

The cooperation and interest shown by teachers and the parents are sincerely appreciated. Their efforts have been of tremendous importance in furthering the educational improvement of the pupils of the Junior-Senior High School.

Winners of the Millbury Memorial High School Science Fair held Wednesday evening, March 13, 1968 in the gymnasium and science laboratories were: first place winners, Janice Brodeur and Linda Mangano for their project "Products from Onion Skins"; Anthony Mangano and James McArdle for their project "Steam Turbine"; second place winners, Janice Lindstrom for her project "Detection of X-Chromosome Lethals Produced by Irradiation"; Paul Jurgelonis and Gary Manoogian for their project "Color Genetics in Caries"; third place winners, Ralph Baldwin for his project "B.O.D. Test to Determine Waste Recovery Efficiency of Chlorella"; Frank Piscitelli and John Magerowski for their project "The Mechanical Equivalent of Heat." Honorable mention awards went to Marie Koehler and Anne Robitaille for "The Heredity of Fingerprint Patterns"; Paul Lacouture and Brennan McLaughlin for "Cloud Chamber"; Susan Stewart and Susan White for "The Conditioning of Goldfish by Reward"; Aicky Bauer and Gail Hughes for "Vulcanization"; Steven Bowker and Peter Lacouture for "Rocks of Curious Kinds"; Steven Bekier and John Huchowski for "Effects of Antiseptics on Bacteria"; Linda Lange and Linda Shepard for "Plants in Orbit"; Lisa Pojani for "Water Pollution"; Linwood Frantum for "The Effects of Air Pollution on Plants"; Philip Brown and Gordon Gover for "Law of Prob-

ability." First and second place winners represented the school at the Regional Fair held at Worcester Polytechnic Institute on April 4-6. Judges for the Fair were Mr. George Blanchard of Millbury Engineering Company and Miss Joan M. Shea of the Millbury Memorial High School faculty. The Fair was sponsored by the Science Department under the direction of Miss Shea who was assisted by Mr. Donald F. O'Leary and Mrs. Marie O'Mara.

The following five members of the Class of 1968 and fourteen members of the Class of 1969 were elected to the local chapter of the National Honor Society on February 7, 1968. They were Seniors: Joan Blair, Susan Burak, Howard Davidson, Paul Jurgelonis and Donna Piasta; Juniors were Charbra Adams, Kathleen Brady, Ellen Church, Christine Graber, Marie Koehler, Constance Krula, Beth Lacouture, Linda Lange, Janis Lindstrom, Christine McNamara, Janet Magnusson, Wayne Marquis, Ann Robitaille, and Robert Weidman.

Miss Elaine Dunn, daughter of Mrs. William Dunn of 38 Martin Street, has been elected D. A. R. Good Citizen by the members of the Senior Class and faculty of the Millbury Memorial High School. Miss Dunn has been very active in school affairs. She is a member of the Student Council in her senior year and holds the office of treasurer; a member of the Reflector Staff in her senior year; member of prom committees; student leader; a member of the basketball team for four years, serving as co-captain; softball team for four years, serving as co-captain and a member of the hockey team for one year; also served as manager.

James McArdle, son of Mr. and Mrs. Vincent McArdle of 29 Beach Street, has been chosen by the students of the high school to be the Student Government Delegate to the State House on April 6, 1968. James is a member of the National Honor Society; member of the Student Council for three years, holds the office of president in his senior year; treasurer of his class in his freshman year; secretary in his sophomore year; vice president in his junior year; member of the Reflector Staff in his senior year; member of the Science Club and Biology Club and also a Student Leader. In sports he was a member of the baseball team for four years, basketball team for four years and football for four years.

Gerald Grenier was selected as a United States Senate Youth Program candidate. He is the son of Mr. and Mrs. Francis Grenier of 232 Millbury Avenue. Gerald is a member of the Student Council this year and is a Student Leader. He was a member of the football team for three years and track for four years.

### *Junior-Senior High School Band*

It is necessary to combine both Junior and Senior High students in the organization of our band. As members increase we are hoping to make a division between the grades seven and eight, and nine through twelve. Ten Millbury High School students auditioned for the Central District Annual Concert. Out of this group, nine were accepted into various groups.

Playing in Central District Band were Ellen Church, Clar I; Gordon Gover, Alto Sax I; Diane Marcell, Tenor Sax I; Pamela Van Ostrand, Clar III; Judith Tarbox, Bas Clar I. Accepted to play in the orchestra were Christine Doud, Tympani; Amelia Sachetto, Oboe I; Audrey Slivka, Violin II 1st chair. Philip Brown was accepted to sing Tenor in the chorus.

This is the largest group ever to be accepted to perform in these groups and is an excellent representation of the musical talent in our student body. Five of this group were recommended to audition for All State groups. This also can be considered highly honorable.

Band activities include two concerts each year, one at Christmas and one in Spring. The increasing number of people attending these concerts is very encouraging to both the participating students and the music department.

A Christmas assembly was also presented to both Junior and Senior High students and took place this year on December 20, 1968. Other band activities included all home football games, assemblies, all Thanksgiving games, pep rallies, faculty basketball games and the Memorial Day parade.

The chorus took part in both Spring and Christmas concerts, assemblies and graduation.

On December 13, 1968 the Christmas concert was presented by the Millbury Memorial High School Band and Chorus. The program included a German Christmas medley, Children's Prayer, Christmas song with vocal solo by Sylvia Riendeau, Brazilian Sleigh Bells, Noel Francais, choral numbers and a variety of carols played by the band. The program was under the direction of Mr. Rocco G. Bruno, music supervisor.

The Millbury Memorial High School Dramatic Club presented Stardust by Walter Kerr on March 29, 1968 under the direction of Miss Diane Berthiaume and her competent staff.

The graduation program was also very inspiring:

### *Retirements*

During 1968 Millbury paid tribute and wished good tidings and a long, happy, well-deserved retirement to three people who contributed so much to the school system: Mrs. Honora M. Hagstrom, who taught in Millbury from 1920 to 1925 and 1942 to 1968; Mr. Raymond E. Shaw, who taught in Millbury from 1929 to 1961, and became Junior-Senior High School Principal in 1961, remaining until his retirement in that position in 1968; and Mr. Stephen Beaton, who concluded a successful career of forty-one years from 1927 to 1968 as teacher, principal and, for the last eight of those years, superintendent of the Millbury school system. It is difficult to recapture the highlights of the careers of these three dedicated professionals whose experience represented in total over a century of faithful service to Millbury. As they begin a new phase of their lives, following a period of companionship, service and leadership, the Millbury school system would like to express their gratitude for having had the pleasure of their association. Thank you for a "job well-done."

### *Conclusion*

I would like to take this opportunity again of expressing my sincere appreciation to everyone on the staff, to all of our town officials who work countless hours in the furtherance of our town, to the youth of Millbury who are a credit to their generation, and to all whom I have not mentioned by name in this report but who have worked diligently for our children either in the spotlight of public attention or behind-the-scenes for their welfare. The community and the schools are intertwined and must never become separated. We all share in a common hope: that our children derive from the educational program and skills they need to meet tomorrow on even terms. This is my dedication and my pleasure.

Respectfully submitted,

IRWIN C. ELKINS

Superintendent of Schools

# Report of the Finance Committee

To the Citizens of Millbury:

The Finance Committee hereby respectfully submits its annual report and recommendations.

Once again we are faced with an increase in operating costs. This trend of soaring costs of our town government appears inevitable. It is both disturbing and sobering to responsible citizens. Concern about it is particularly appropriate when it is realized the upward trend in the cost of services does not appear to be matched by a similar trend of growth in revenues from sources other than the tax levy.

Increasingly, control by town officials over how town money will be spent and, indeed, how much town money will be spent and for what, is being reduced.

Taxpaying citizens should instruct their legislators to provide funds for expenditures, which, by law, they require towns to make, and to implement the home rule amendment now on the books but not yet made effective. Finally, taxpayers should insist that town officials tighten their supervision over the spending which still remains under town control.

Due to the lack of information concerning receipts from the Local Aid and Agency Funds, "Cherry Sheet," we are unable at this time to determine the tax rate for 1969. All we can say is that the tax increase for 1969 will be substantial.

Respectfully submitted,

HAROLD F. OSTROWSKI, *Chairman*

GORDON S. HENSHAW, *Vice-Chairman*

ARTHUR J. COLLETTE, *Clerk*
